

Southeast Asia Young Architects & Lighting Designers Forum 2021

**Design Resilience and Regionalisation in
the time of a Global Pandemic**
**Heliconia Meeting Room, Level 3,
Marina Bay Sands Singapore**

24 November 2021
9am - 6pm

The inaugural ASEAN Young Architects & Lighting Designers Forum 2021 brings together emerging young architects and lighting designers in Singapore.

With special online participation from ASEAN young architects, who will share their views on resilience during the time of a global pandemic, and regionalisation even as transnational borders are shut.

This conference brings together aspects of design, domesticity, community, sustainability and internationalisation in a day's worth of seminars and panel discussions. It aims to instill a sense of optimism in a time of uncertainty and to define the indomitable spirit of our times, uncertain as the future may be.

Our Speakers

Form Follow Context

by Denny Setiawan

Indonesia is a large country and has a diverse ethnicity. The diversity in Indonesia is a challenge for every Indonesian young architect to face.

In this session, Denny Setiawan shares **how to create sustainable architecture that fit to the needs of every family.**

Caffeine in workspaces -

The intangible added value of light

by Melvyn Law

Coffee and tea are two popular beverages enjoyed by many in the world; some for its taste, or a habitual drink of communal activity, but to many of us, in keeping awake.

In this session, Melvyn Law discusses about the rising awareness on the **benefits of designed illumination, for healthy spaces.**

More speakers' details will be added in due course.
